

## A Message from the High School

Dear Parents/Guardians,

It is our hope that our Homework Help Program will be viewed as an opportunity for students to complete assignments and achieve a greater level of academic success. The completion of homework assignments is an essential part of the educational process. Too often incomplete assignments have an immediate effect on a student's grades, hurt a student's ability to learn important concepts, and make it more difficult for a student to do well on assessments.

The time a student spends in Homework Help will be time well spent. Students will have the opportunity to complete assignments and study under the supervision of a certified, dedicated teacher. Successful completion and attendance of HH may also serve as a replacement for disciplinary consequences.

Please do not hesitate to contact us with any questions or concerns at 717-362-8181. Forging better communications between schools and parents will only serve to benefit the students.

Yours in Education,

Mr. Jared Shade  
Acting Principal

## A Message to Parents and Guardians

*We believe that your child is a good candidate for Homework Help (HH).*

***What is Homework Help?** It is an opportunity that provides students after school time to complete school work in a supervised study hall environment. In addition, two certified teachers will be available to support your child with questions they may have regarding specific assignments. Missed tests and quizzes may also be made up during this time.*

*If you would like your child to participate in the HH program please review our rules and review the dates available.*

*We are looking forward to the opportunity to work with both you and your child.*
