

Millersburg Area School District and Upper Dauphin Area School District Sports Cooperative
Joint Statement on Extracurricular Activities
June 30, 2021

On May 31, 2021, the Secretary of Health's Mitigation and Enforcement Order and the Governor's Mitigation, Enforcement, and Immunity Order, and all subsequent amendments expired. On June 28, 2021, the Updated Order of the Secretary of the Pennsylvania Department of Health Requiring Universal Face Coverings also expired. Consequently, the Millersburg Area and Upper Dauphin Area School Districts are removing all restrictions related to the COVID-19 Pandemic and the associated Health and Safety Plans of each district.

While this is a positive sign, the districts reserve the right to return to such mitigation efforts with little notice if it is determined that the public health risk is increased due to new variants or other orders by the Pennsylvania Department of Health are issued. Both districts appreciate the cooperation and support of our school communities as we have faced the COVID-19 pandemic over the past sixteen months.
