

Superintendent's Goals, 2018-2019

1. The superintendent will promote transparency through quarterly financial updates delivered with the help of the business manager and through continuing Buildings and Grounds Committee actions to insure proactive property management.
2. The superintendent shall direct the administrative team to prepare and deliver quarterly reports on discipline numbers and compare those numbers to trends from previous years. Also, the superintendent will continue to deliver fall updates on test scores, PSSA, Keystone, and NOCTI tests.
3. The superintendent will endeavor to encourage curriculum expansion in areas of need as funding allows.
4. The superintendent will endeavor to support the high school principal in enabling, encouraging, and monitoring teacher iPad use as an instructional tool in the classroom.
5. The superintendent will research strategies to improve the district's administrative structure, including contingency planning for all district office positions.
