

# TECHNOLOGY EDUCATION PROGRAM

## WHO IS ELIGIBLE

Any family within the UDASD who needs an electronic device to assist with learning activities during the COVID-19 Pandemic closure period.

## PROGRAM COST

The program is free for any student who obtains a device as long as the device is returned in the same condition as it was received. Families will be charged the full cost to repair or replace any device that is returned damaged in any way.

## INTERNET SERVICE

In order to use the device, Internet service will be needed. Please see the COVID-19 Internet Access Options For Families fact sheet for more information about obtaining Internet access. Please do not obtain a device if you do not have Internet Access.

## LIMITATIONS

Since devices are not available for every student, one device will be loaned per family.

Supplies are limited. Devices will be provided on a first come, first served basis.

## WHY IS THIS NEEDED?

The Upper Dauphin Area School District is executing its Continuity of Education Plan as a result of the COVID-19 Pandemic. That means that we are trying to provide educational services to your child remotely.

This includes a combination of activities which include online, telephone, and written assignments. Our hope is to have as many students be able to have online access as possible.

We know that not everyone will be able to be online. The faculty will be reaching out via telephone to those students who are not able to attend online activities.

## LOAN PERIOD

All devices must be returned as of the end of the closure period, or the end of the school year, whichever comes first. If another closure period is ordered, the iPads will be given out again to families in the program.

## CONTACT

To obtain a device, email [udawebadmin@udasd.org](mailto:udawebadmin@udasd.org) or call (717) 362-6555.
