

The United States Department of Agriculture has issued several waivers and flexibilities for school meals through December 31, 2020. Beginning September 10, 2020 The Upper Dauphin Area School District will be offering all students FREE breakfast and FREE lunch to all enrolled students (whether in-person or remote). Ala Carte items and extras will still be available to purchase through your child's lunch account. These charges will only be allowed if your child's lunch account does not have an outstanding balance.

Pickup for our remote learners will continue to be offered on Wednesday afternoons from 1:30 – 2:30 in our Elementary School Bus Circle.

Free meals will be extended to resident children 18 and under through December 31, 2020 or until funding is no longer available. After this time you will be returned to Paid, Reduced, and Free status based on qualifications and applications. Please continue to return any Free & Reduced Applications so that no lapse in benefit will occur.
