# **Curriculum Advantages of a Merger**

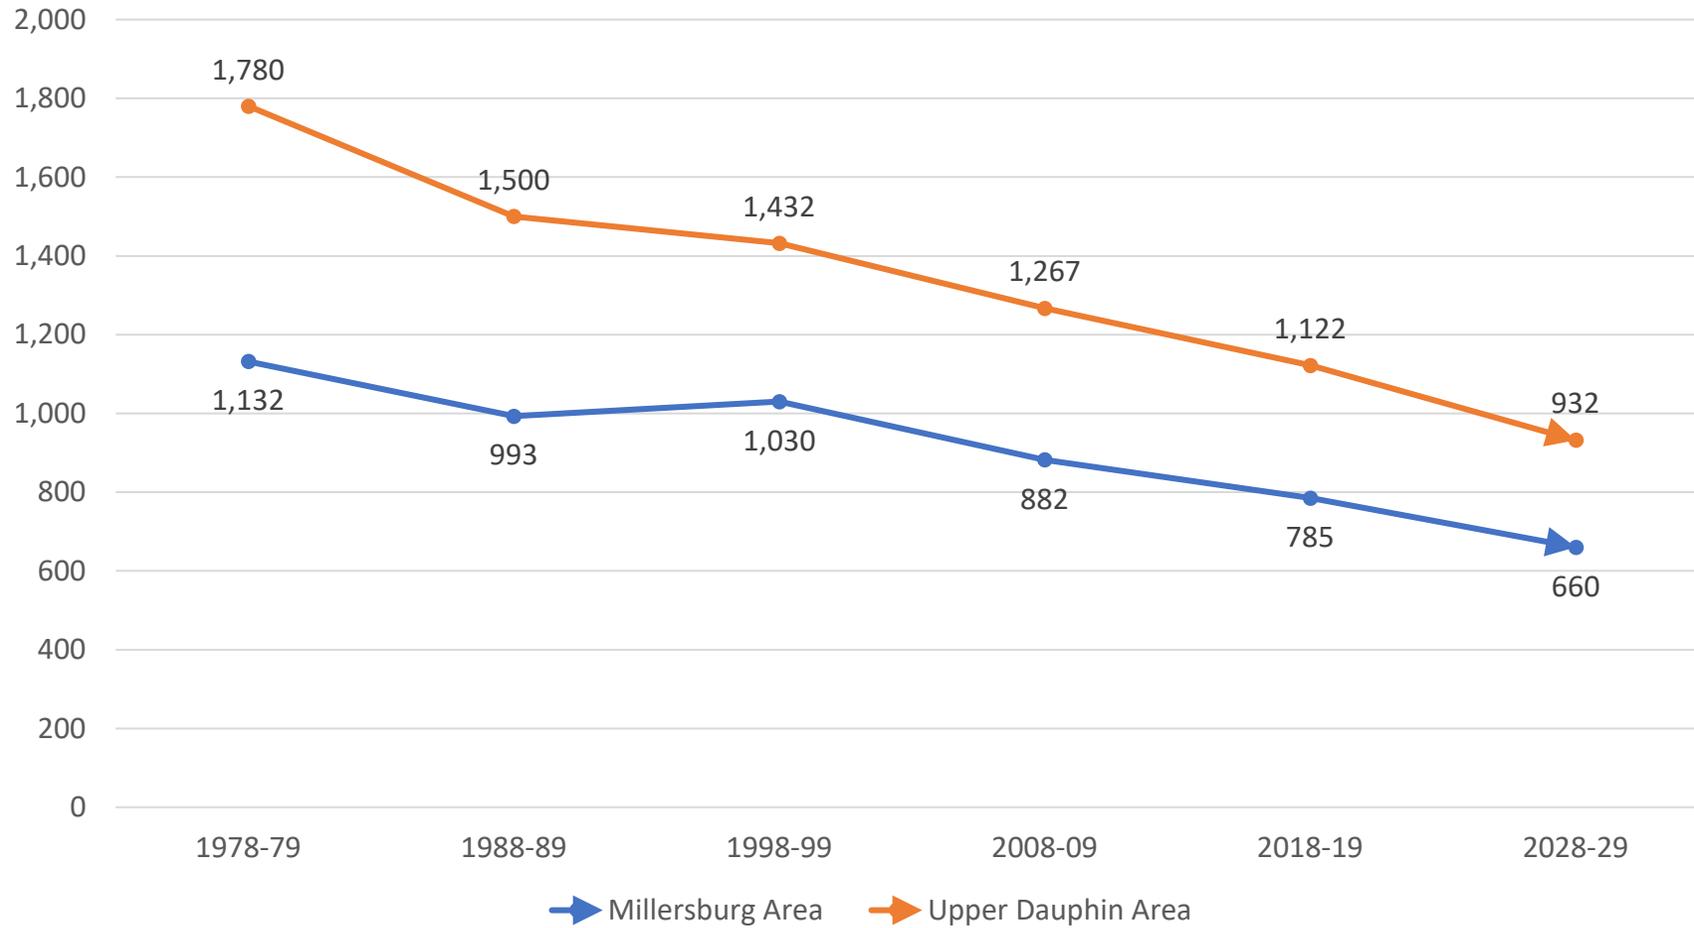

- A merged district will address the steady decline and projected decrease in student enrollment.
- A merged district may allow for sustainability and improvement of programs more efficiently with a reduction and cost savings of 21 teaching positions.
- A merged district may allow for the return of some outside contracted student support services which would create a cost savings to the taxpayers of both districts.
- A merged district will allow for class size averages to be comparable with area districts of similar size.
- A merged district will allow for special education supports (especially learning support) to be enhanced without additional special education teachers.

# Curriculum Advantages of a Merger

- Summary of program enhancements for secondary students in a merged district.
  - Career and technology education program access; Vocational Agriculture; Building Trades; and Diversified Occupations.
  - Drivers Education - Theory
  - Family and Consumer Science (9-12) and Technology Education/Industrial Education (6-12)
  - Enhanced school counselor support
  - Enhanced Media Resource Centers
  - English Language Arts: Advanced Placement Language and Composition
  - Math: Harrisburg University Algebra I; Personal Finance.
  - Science: Honors Electricity and Magnetism; Honors Waves, Sound, and Optics; PC Medical Terminology; PC Fundamentals of Chemistry; Harrisburg University Honors Biotechnology
  - Social studies: Advanced Placement Government and Politics; Local History; and Honors Civics and Government.
