**Parent Directions to Signup for Canvas**

1. Go to: udasd.instructure.com/login/canvas

2. Click on "Parent of a Canvas User" in the top right hand corner and create an account.

3. You will need a pairing code created by the student to sign up for your account. The student should follow these directions to get a pairing code

    a. Students -- on the app click on "Account" (You may have to click on the 'hamburger menu' or three lines in the top right corner of the app to see your account)
    b. Click on "Settings"
    c. Click "Pair with Observer"

4. Parents -- enter the pairing code and finish signing up for an account.

5. Once you finish registering, you should have instant access as an observer to your child's classes and be able to see their grades. There is an app you can download as well called Canvas Parent.

*Our mission is to empower our students to be lifelong learners in order to reach their greatest potential.*
