

Caring for People. Serving Great Food.

October 18, 2021

Dear Upper Dauphin Area Families,

Since the onset of the pandemic, we've all experienced shortages in the grocery stores and restaurants we visit. School food service is not immune to those same challenges. You'll notice changes to school menu options, or your child may tell you that a favorite menu item has been missing. These shortages are due to labor issues, combined with an increase in demand, within the food manufacturer facilities that provide the products we serve for breakfast and lunch. We are working hard to procure the menu items that your children love, but know that there may be some bumps along the way. We want to reassure you that your child will still be provided breakfast and lunch daily.

We apologize for this inconvenience and ask for your continued patience in this matter, for regular updates to your school's menu, visit udas.nutrislice.com

Alesia Hoffman
Foodservice Director
