

ARP ESSER Health and Safety Plan Guidance & Template

Section 2001(i)(1) of the American Rescue Plan (ARP) Act requires each local education agency (LEA) that receives funding under the ARP Elementary and Secondary School Emergency Relief (ESSER) Fund to develop and make publicly available on the LEA's website a *Safe Return to In-Person Instruction and Continuity of Services Plan*, hereinafter referred to as a *Health and Safety Plan*.

Based on ARP requirements, 90 percent of ARP ESSER funds will be distributed to school districts and charter schools based on their relative share of Title I-A funding in FY 2020-2021. **Given Federally required timelines, LEAs eligible to apply for and receive this portion of the ARP ESSER funding must submit a Health and Safety Plan that meets ARP Act requirements to the Pennsylvania Department of Education (PDE) by Friday, July 30, 2021, regardless of when the LEA submits its ARP ESSER application.**

Each LEA must create a Health and Safety Plan that addresses how it will maintain the health and safety of students, educators, and other staff, and which will serve as local guidelines for all instructional and non-instructional school activities during the period of the LEA's ARP ESSER grant. The Health and Safety Plan should be tailored to the unique needs of each LEA and its schools and must take into account public comment related to the development of, and subsequent revisions to, the Health and Safety Plan.

The ARP Act and U.S. Department of Education rules require Health and Safety plans include the following components:

1. How the LEA will, to the greatest extent practicable, implement prevention and mitigation policies in line with the most up-to-date guidance from the Centers for Disease Control and Prevention (CDC) for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning;
2. How the LEA will ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services;
3. How the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC:

- a. Universal and correct wearing of [masks](#);
- b. Modifying facilities to allow for [physical distancing](#) (e.g., use of cohorts/podding);
- c. [Handwashing and respiratory etiquette](#);
- d. [Cleaning](#) and maintaining healthy facilities, including improving [ventilation](#);
- e. [Contact tracing](#) in combination with [isolation](#) and [quarantine](#), in collaboration with State and local health departments;
- f. [Diagnostic](#) and screening testing;
- g. Efforts to provide COVID-19 [vaccinations to school communities](#);
- h. Appropriate accommodations for children with disabilities with respect to health and safety policies; and
- i. Coordination with state and local health officials.

The LEA's Health and Safety Plan must be approved by its governing body and posted on the LEA's publicly available website by July 30, 2021.* The ARP Act requires LEAs to post their Health and Safety Plans online in a language that parents/caregivers can understand, or, if it is not practicable to provide written translations to an individual with limited English proficiency, be orally translated. The plan also must be provided in an alternative format accessible, upon request, by a parent who is an individual with a disability as defined by the Americans with Disabilities Act.

Each LEA will upload in the eGrants system its updated Health and Safety Plan and webpage URL where the plan is located on the LEA's publicly available website.

The ARP Act requires LEAs to review their Health and Safety Plans at least every six months during the period of the LEA's ARP ESSER grant. LEAs also must review and update their plans whenever there are significant changes to the CDC recommendations for K-12 schools. Like the development of the plan, all revisions must be informed by community input and reviewed and approved by the governing body prior to posting on the LEA's publicly available website.

LEAs may use the template to revise their current Health and Safety Plans to meet ARP requirements and ensure all stakeholders are fully informed of the LEA's plan to safely resume instructional and non-instructional school activities, including in-person learning, for the current school year. An LEA may use a different plan template or format provided it includes all the elements required by the ARP Act, as listed above.

* The July 30 deadline applies only to school districts and charter schools that received federal Title I-A funds in FY 2020-2021 and intend to apply for and receive ARP ESSER funding.

Additional Resources

LEAs are advised to review the following resources when developing their Health and Safety Plans:

- [CDC K-12 School Operational Strategy](#)
- [PDE Resources for School Communities During COVID-19](#)
- [PDE Roadmap for Education Leaders](#)
- [PDE Accelerated Learning Through an Integrated System of Support](#)
- [PA Department of Health - COVID-19 in Pennsylvania](#)

Health and Safety Plan Summary: Upper Dauphin Area School District

Initial Effective Date: July 13, 2021

Date of Last Review: January 11, 2022

Date of Last Revision: August 9, 2022

1. How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?

The UDASD will ask COVID-19 positive cases to stay home.

2. How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?

The UDASD adopted a comprehensive Post Pandemic Recovery Plan (PPRP) which it continues to use to guide the academic, mental, social, emotional, and health needs of its students. The UDASD staff have worked tirelessly to develop virtual learning opportunities, procedures for responding to the ongoing public health concerns, and enhancing and implementing programs intended to address the mental and emotional health of both students and staff. Details of these activities can be found in the PPRP.

3. Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.

ARP ESSER Requirement	Strategies, Policies, and Procedures
a. Universal and correct wearing of masks ;	Voluntary masking
b. Modifying facilities to allow for physical distancing (e.g., use of cohorts/podding);	none
c. Handwashing and respiratory etiquette ;	The UDASD continues to encourage handwashing and proper respiratory etiquette for students and staff.
d. Cleaning and maintaining healthy facilities, including improving ventilation ;	The UDASD cleans classroom and large spaces areas daily, at a minimum. Further spray-based disinfection is completed within the buildings on a weekly basis and as needed. The UDASD hired additional custodial staff to assist in cleaning. McClure and Co. are in the process of completing significant

ARP ESSER Requirement	Strategies, Policies, and Procedures
	ventilation/HVAC upgrades at our high school complex.
e. Contact tracing in combination with isolation and quarantine , in collaboration with the State and local health departments;	COVID-19 positive cases are asked to not attend school in-person and consult with their family care physician for recommending return to our school buildings. UDASD will not be responsible for any contact tracing or quarantines unless <u>required</u> by the PA DOH.
f. Diagnostic and screening testing;	none
g. Efforts to provide vaccinations to school communities ;	The UDASD is an educational institution and as such will not be providing vaccinations to its students. We can provide resources and information for those students, families, and staff interested in obtaining vaccines.
h. Appropriate accommodations for students with disabilities with respect to health and safety policies; and	The UDASD will utilize our existing Section 504 processes to identify and meet the needs of students with disabilities.
i. Coordination with state and local health officials.	The UDASD will follow any PA DOH <u>requirements</u> for reporting COVID-19 positive cases. We will coordinate with our local and state health officials when necessary.

Health and Safety Plan Governing Body Affirmation Statement

The Board of Directors/Trustees for **Upper Dauphin Area School District** reviewed and approved the Health and Safety Plan on **August 9, 2022**

The plan was approved by a vote of:

7 Yes

0 No

Affirmed on: **August 9, 2022**
