

Upper Dauphin Area School District

District Goals

2024-2025

- All mandated teachers will receive comprehensive professional development in structured literacy by the end of the academic year as required by the PA Department of Education.
- Strengthen relationships with our students, families and community through the Discovery culture to improve attendance, engagement and academic success.
- Collaborate with community and industry partners to expand and enhance our educational opportunities and programming.

Our mission is to empower our students to be lifelong learners in order to reach their greatest potential.
